

NATIONAL IAOMR UG CONFERENCE - 2018 ON 30th & 31st March, 2018

Theme: Marching towards future of Oral Medicine & Radiology

The department of Oral Medicine and Radiology deems it a pleasure to invite you all for “National UG Conference 2018”, to be organized by KLE V.K.IDS, Belagavi, on 30th and 31st March 2018, under the aegis of The Indian Academy Of Oral Medicine and Radiology.

Oral Medicine and Radiology forms the backbone of Dentistry. Oral Medicine is a specialty of dentistry that forms the interface between dentistry and medicine. The subject promotes the study and dissemination of knowledge regarding the medical aspects of dentistry while focusing in the diagnosis and treatment of oral and systemic diseases manifested in oral cavity.

The concept of this Undergraduate Conference evolved with an idea to orient students about the scope of this specialty as their knowledge of this subject is superficial at UG level. In view of this the “National UG Conference of IAOMR”, has been organized where focus would be on the scope and future career aspects of an Oral Medicine and Radiology specialist.

This opportunity is worthwhile in every aspect as this conference is going to endorse the knowledge and skills of our specialty. A galaxy of speakers proficient in our specialty would share their knowledge and experiences and guide the undergraduate students. The scientific papers and poster presentations will provide a platform for the undergraduate students to clarify doubts and update themselves. A gala banquet in the beautiful gardens will refresh and relax and rejuvenate you.

Organizing committee:
