

Preamble

“Dant Pari - A dental auxiliary course” is a **skill training** certificate course designed for a period of **6 months**. This course primarily intends to **empower girls / women** by providing education and training that can help in employment as dental chair-side assistants for dentist in private dental clinics, government health services (PHCs) and in Dental institutions as dental nurses / auxiliaries.

Dental assistants are required to help dentist for patient care, taking x-rays, record keeping, handling bills & accounts and for scheduling appointments. They are required to assist the dentist in performing dental procedures and providing secondary support.

Four handed dentistry reduces the workload, thus improving work efficiency that enables the dentist to perform dental procedures in a timely, efficient and safe manner. Hence there is a **great demand** for trained chair side assistant as an auxiliary staff - Dent Pari.

As entrepreneurs the KLE VK Institute of Dental Sciences, Belagavi, Dant Pari Foundation, New Delhi and as support partner, the KLE's Swashakti Empowerment Cell for women has initiated this innovative programme to create jobs, to prepare work force to meet the social needs.
